A FOREWORD

MANY movements originate from great crises, and the crisis which produced Toc H in its original guise of a Soldiers' Club in Flanders chanced to be the Great War. That Club was opened in December, 1915, at Poperinghe, the nearest habitable town behind the Ypres Salient; it was named Talbot House in memory of Gilbert Talbot and later became known as "Toc H," a signaller's abbreviation. The Rev. P. B. Clayton ('Tubby'), now Vicar of All Hallows-by-the-Tower, was in charge from 1915 to 1918. In that House men of all kinds and ranks mixed together in friendship, came to know one another and so made the surprising discovery that what they had in common was greater than their differences. Many of them found an added strength, not of this world, in the 'Upper Room,' a chapel set in a hop-loft under the roof of the House.

After the War, Toc H was started again on a modest scale in 1919-20 by 'Tubby' and a band of survivors of the Ypres Salient. Their aims were, first, to maintain that spirit of fellowship learnt of common hardship in war and to pass it on in civil life where men fail to discover one another under the conventional conditions of everyday existence; and, secondly, to charge this spirit with the challenge of the Gospel and to spread it among all men everywhere.

To-day, Toc H claims to be a fellowship of men of all ages from sixteen upwards who are eager to put something constructive into life through the form of personal influence of character. Its basis is Christian and the membership includes men of all denominations, political beliefs, races and stations of life, who keep their differences of opinion but learn to forego their prejudices.

Its method is unobtrusive and informal. In family meetings, regularly held, these men, as in the 'Old House,' forget for a while their income, occupation, class or caste, the strain of work or of unemployment, and build up a happy and unusual corporate friendship. This, if it is genuine, has its natural outlet in some form of voluntary service for others.

In its activities, Toc H aims at serving the needs of mankind, both social and cultural. It aims at fair and constructive thinking from a Christian standpoint on the social perplexities of the day, and encourages an attitude of mind in which men will give of their best, not only in social service done in co-operation with existing organisations, but in every relation of their home and workaday life. Toc H believes that the sickness of the world is due to the fact that men do not understand the minds, lives and needs of their fellows; this ignorance Toc H seeks to destroy by active thinking and active doing.

The Lamp of Maintenance, held by each Branch, symbolises in its light that spirit of which Toc H is the custodian and as witnessed in the high-hearted personalities of men and women of the past, who have given their energies and often their lives for some constructive cause. Remembering them, Toc H endeavours to hand down their example to the future through the quality of its own life and service.

THE OBJECTS OF TOC H

The aims of Toc H are thus set forth in its Royal Charter of Incorporation:

- (1) To preserve amongst men and to transmit to future generations, the traditions of fellowship and service manifested by all ranks during the Great War, thereby encouraging its members, through the common Christian life of the family, to seek God, and helping them to find His Will and to do it.
- (2) To encourage amongst the members of the Association the desire to perform, and to facilitate the performance of all kinds of social service as between and for the benefit of all ranks of society.
- (3) To promote among all people a wide human interest in the lives and needs of their fellows and to foster in every man a sense of responsibility for the well-being of his fellow man.
- (4) To mitigate by habit of mind and word and deed the evils of class consciousness and to endeavour to create a body of public opinion free of all social antagonisms.

THE MAIN RESOLUTION OF TOC H

The following, known as the "Main Resolution," was passed by the Central Councils of Toc H for 1923-24 and 1924-26:—

"Remembering with gratitude how God used the Old House to bring home to multitudes of men that behind the ebb and flow of things temporal stand the eternal realities, and to send them forth strengthened to fight at all costs for the setting up of His Kingdom upon earth; we pledge ourselves to strive:—

"To listen now and always for the voice of God;

"To know His Will revealed in Christ and to do it fearlessly, reckoning nothing of the world's opinion or its successes for ourselves or this our family; and towards this end;

"To think fairly,

To love widely,

To witness humbly,

To build bravely."

TOC H LEAGUE OF WOMEN HELPERS

The League of Women Helpers is organised on very similar lines, shares the same spirit, and is pledged to the same objects as Toc H. Its patroness is Her Majesty the Queen. Information from the General Secretary, L.W.H., 18, Byward Street, London, E.C.3.

THE FOUR POINTS OF THE COMPASS

A statement of the aims of Toc H, originally drawn up in 1920, and revised in 1936.

I. FELLOWSHIP—"To Love Widely"

To found and maintain throughout the world Groups, Branches and Houses for the fostering of a true spirit of understanding between man and man.

The members thus brought together meet regularly as a family, sharing in the common ways of life and exhibiting by the diversity of their origin, occupation and outlook a spirit of reconciliation between men of all kinds.

Members are called upon—

To foster a wide human interest in the lives and needs of their fellows.

To welcome and to seek the well-being of those commended to their friendship.

To lessen by habit of thought, word and deed the prejudices which separate men.

II. SERVICE—"To Build Bravely"

To make of these Groups, Branches and Houses centres from which men of all conditions may serve their fellows. Their task is not to compete with existing organisations but to supplement and reinforce them.

Members are called upon—

To give personal service.

To study local and international conditions and their effect on men's lives.

To challenge their generation to seek the will of Christ in the solution of all problems. As one means to this end, to make possible a Staff which shall serve the movement as a whole in its world-wide adventure for the Kingdom of God.

III. FAIRMINDEDNESS—"To Think Fairly"

To bring the expert to the unit, hearing him and asking him questions; to listen hospitably and humbly to everyman's story, and to help the truth to prevail.

Members are called upon—

To find their own convictions, to influence the formation of public opinion, and thus to replace social and racial antagonisms by intelligent understanding.

IV. THE KINGDOM OF GOD—"To Witness Humbly"

To spread the Gospel without preaching it.

Members are called upon—

To recognise the spiritual nature of Man, and to demonstrate that a life of Fellowship, Service and Fairmindedness bears better witness than any spoken word.

ANNUAL REPORT, 1937.

EARLY in this year we were informed that H.M. the King was graciously pleased to continue the sovereign's Patronage granted to Toc H in the previous reign. Toc H throughout His Majesty's Dominions will rejoice to know that we may count on the interest of King George VI., together with that of Queen Elizabeth, herself the Patroness of the Toc H League of Women Helpers, in the work and welfare of the Family. Their solemn consecration to the service of God and their peoples should move each one of us to consider more deeply the consecration of his own individual life.

The events of last December which gave rise to these momentous changes are fresh in the public mind. If we allude to them here, it is simply to place on record, as both love and justice constrain us to do, the debt of affection and gratitude which Toc H owes to its first Patron, H.R.H. the Duke of Windsor, for his sincere belief in the meaning and purpose of the movement, his steady backing of its development and his unfailing readiness to give it his help.

Scope of Report.

Each year it becomes increasingly difficult, as Toc H grows in size and in the range of its interests and activities, for the Central Executive to discharge in any compendious and readable form its statutory duty of presenting a report upon the state, condition and progress of the Association. Last year a breach with tradition was made in reducing the necessary record of changes in numbers and personnel to the smallest possible compass, and reporting more generally upon the work of Toc H in relation to its avowed objects.

This year the record will be found at the end of this Report, and the main body of the Report, abandoning the effort to comprehend everything and so to require pardon for an all-inclusive dullness, endeavours to indicate and to illustrate certain main features in the life of Toc H, which appear to the Central Executive to be of real importance for the future. Difficulties that exist and dangers that have to be guarded against will not be passed by in silence. The day is happily not yet in sight when Toc H will care for nothing but self-laudatory reports.

The Coming-of-Age Festival.

The right, indeed the only, starting point for such a treatment of Toc H affairs in the year that is past, is to be found in the celebration of its coming of age. The crowded days and their many events grave and gay have been described fully in the August number of the Toc H JOURNAL. By common consent they went with a swing throughout, from the first sunny morning when a very uncivic but not uncivil collec-

tion of members from most places near and far filled the Guildhall, recking nothing of the disapproving glances of Gog and Magog, rejoicing to hear a restored Tubby delve into the wisdom of Sam Weller, looking forward eagerly if a trifle apprehensively, to see whether the family in the large would ring true, till the last coach tour shed its overseas passengers at the London terminus, strangers no longer but friends for whom the memories of the July countryside will always now be linked indissolubly with homely hospitality and the sense of a common purpose bridging gulfs of speech and experience.

What happened in the intervening days? This quite certainly, among a store of individual memories, that very many men discovered in Toc H a width of range and a depth of meaning they had not known before. The overseas members contributed largely to the first. To hear about Toc H overseas is one thing. To meet the actual men who are keeping their Lamps burning and learning to apply Toc H to problems of race, of colour, of climate, of vast distances, and of different social structure, is to discover how wide this way of life can be, where men grasp its essential spirit. Many a home member returned to his own unit, at once heartened and just a trifle ashamed that his vision had not been wider. That is only one, though perhaps the most obvious side of the process of breaking down barriers, which went on throughout the Festival. Toc H has long prided itself, not without justice, on breaking down barriers between men who live in the same locality. It has now widely realised that the more distant but no less real barriers can be broken in the same way, though with greater difficulty, because the opportunity for personal contact is rarer. This realisation is one product of the Festival.

Of depth it is harder to speak, for it is of its nature an intimate and personal thing. Whether at the solemn re-dedication in St. Paul's, or at the final thanksgiving in the Albert Hall, or in the moment when, after the lighting of the new Lamps by H.R.H. the Duke of Kent on behalf of the Patron, the great Centre Transept of the Crystal Palace (now alas, no more) was darkened for Light, there were many who saw, perhaps for the first time, that Toc H to be effective must stir the depths of a man's life. It is not without significance that at the Conference for leaders held at Digswell Park shortly after the Festival this spirit was unmistakably manifest. In sober retrospect one of the most senior padres of Toc H, whose Christian experience has been both wide and deep, described the Conference simply as "the most remarkable week-end of my life."

Width of Contact—The Services.

Here then, in the central events of this year's Toc H life, we find emphasis laid on two aspects of vital importance, width of contact and of outlook, depth of meaning and of purpose. What evidence can this report fairly produce that Toc H is adventuring along these lines?

Last year's report drew attention to the impetus given to the growth of Toc H in the Services by Tubby's winter in the Mediterranean. This year it is possible to record further steps. A very generous gift from an anonymous donor has enabled us to set up a miniature system for welcoming and encouraging our Service membership.

It provides first of all a capital sum to set up in Malta a club-house with sleeping accommodation for men on overnight leave. This is most timely, as the house at Sliema, an enterprise which has been of great value and for which a few individual members in the Services have borne the entire financial responsibility, is now likely to be reclaimed by its owner for his own use. A new convenient house is now being acquired. Secondly, the fund provides for a permanent full time man in Malta, almost a necessity where men are being frequently moved and the Fleet has long absences from its base. This post is being filled by Richard Dines, who, with his wife, had already shown his mettle in connection with the Fleet Club in Alexandria the previous winter. Lastly a certain part of the gift will be available for the opening of a small office for Toc H in the Services, now linked with the Overseas Office at 42, Trinity Square, for obvious reasons of convenience. A Services Advisory Committee with representatives of all three Services and of Toc H Headquarters and Area staff is getting solidly to work exploring the ways in which Toc H can best co-operate. One main difficulty in the Services is to keep effective contact with officers and men as they move about. In the R.A.F. there is now something approaching a systematic organisation for this, the ways of providing most effective contact with Naval personnel at the manning ports are being explored, and a number of new contacts in the Army have resulted from Padre Harry Moss' vigorous tour among the troops in Palestine, which was made possible by the kindness of the Iraq Petroleum Co., who released him from his work as Chaplain on the pipe line and provided transport for his expedition. Unfortunately Colonel Eric Brown who as the first Toc H Hon. Secretary for the Services has done much to bring order out of chaos and to establish system in our Service relations, had to relinquish the work at the end of the year in order to take up another appointment. A successor is shortly to be appointed.

It has to be recognised that development in this sphere must be relatively slow. Its pace is regulated partly by Service considerations and partly by the growth in Toc H of a closer understanding that such development is definitely the job of Toc H and that it is one of the best remedies we have for the insidious danger of parochialism. The life of men in all three Services, as in the Mercantile Marine, with which Harry Chappell, one of 'Tubby's' staff at All Hallows, is making many contacts, is by its nature much isolated. A welcome to a home means much to men who are cut off from their own; friendship such as Toc H should be able to offer in strange ports and unfamiliar stations is a real delight. And Toc H in many a town and village is beginning to learn that it has much to gain from contact with men, who see life from a slightly different angle, and whose experience of life overseas and very often of Toc H in strange places widens the personal contacts of those at home, and thereby helps them to a wider grasp of the adventure that is Toc H.

Width of Contact—Interchange with Overseas.

Valuable and growing as is the contact by visit and by letter between members at home and abroad, it must for a long time remain true that the combined widening and deepening of the outlook of Toc H is the special task of those who serve Toc H full time and are rapidly coming to be a real Imperial and even extra-Imperial staff. So far the traffic has been mostly one way, but the sending of Len Williams (Tasmania)

for a period of training here before taking up his work as Area Secretary South Australia, is an augury of interchange that may well grow in volume and have a very special value. Another such contact is provided by the arrival of Crawford Brooks, the first of several Americans whom it is hoped, through a fund generously made available by Mr. & Mrs. Harkness, will be able to study Toc H by close working contact with the staff at home.

Increasingly the great organised areas of Toc H overseas are shouldering the task of financing their own staff. But the provision of certain special funds or endowments is of the greatest value in ensuring continuity of contact and in meeting the needs of parts of the world where Toc H is small and scattered. Among the pioneers in fostering community of spirit throughout the Toc H world the name of Harry Ellison will always have a special place. It is therefore particularly fitting that through the generosity of Mrs. Ellison, the fund raised in his memory is now to be augmented so as to provide in perpetuity for a full time padre to serve Toc H overseas. By Mrs. Ellison's desire the Chaplaincy will normally be allocated to Southern Africa, but in view of the staff now provided there by the generosity of the Senior Friends, she has gladly consented for the first appointment financed by the Fund to be that of a padre for Tasmania.

Among other ways in which sympathy and understanding between all parts of Toc H is being steadily broadened, the link from Malaya to Japan provided by Mayne Elson's work, made possible by the Far Eastern Fund, has increased in importance as he has during the year brought help and inspiration to all parts of his scattered territory.

The visit of Barkis, who was accompanied by Mrs. Baron and by Howard Dunnett on his appointment as Secretary of Toc H in the Argentine, to Brazil, the Argentine and, by consent of the Argentine Council, to Chile, has forged badly needed links with some very isolated members and units.

While the importance of staff in this process of widening and deepening Toc H cannot be exaggerated, it does not now depend on them alone. The appointments of Air Chief Marshal Sir Robert Brooke Popham, a Vice President, to be Governor of Kenya, of Bishop H. St. B. Holland, late padre of Hampton Lacy Branch, to be Bishop of Wellington, New Zealand, and of Bishop R. P. Crabbe, late padre of the Dulwich Branch, to be Bishop of Mombasa, will provide other links of a most valuable kind. The appointment of an old friend and Vice-President of Toc H on the Gold Coast, G. A. S. Northcote, to the Governorship of Hong Kong, is also of happy augury.

With such developments go hand in hand the re-organisation of the work of the Lone Units Committee, which has now been sub-divided into small teams, each of which will number among its members men with close knowledge of a particular region and so be enabled to foster intimate and personal understanding with the lone units within it.

Width of Contact—The Special Areas.

Important as is the growth of friendship and sympathy across the seas, that is not the only way of promoting, as the Charter requires of us, "a wide human interest in

the lives and needs of our fellows." It is only too easy to limit that interest to our own small sphere of experience and to ignore because we do not understand the realities of lives lived under other conditions. As a wholesome corrective to this narrowness of outlook, and because human friendship is one of the best antidotes to the depression that afflicts people when they feel that nobody cares, the striking growth of interest in and contact with the people living in the Special Areas is not without significance for the performance of the task of Toc H. During the year a considerable number of units of Toc H in the more fortunate areas of the country have been stirred to attempt something in this direction. Sometimes the start has been the simple exchange of correspondence on Toc H matters, growing as confidence develops into a friendly intimacy that has enabled personal problems to be talked about without awkwardness, and help to be offered without the taint of patronage. Sometimes the first effort has been to meet material needs. Two Districts, for example, prepared and despatched to a Special Area some two tons of jam. The task of distribution gave to the Toc H units in the Special Areas that sense of encouragement that comes with usefulness; it led to correspondence, practical at first, but rapidly becoming friendly and intimate. The same is true of other examples, and personal visits to the Special Areas and invitations to pay a return visit have resulted. The consequence has been not only a growth of friendship between individuals but a widening of understanding and a deepening of conscience which cannot be without its effect on public opinion. Toc H in the Special Areas has also been assisting in the proper distribution of the help organised by the staffs and boards of several of the large oil companies.

Width of Contact—Leprosy.

The return on first leave of three of the original Leprosy volunteers has again enabled direct and telling contact to be made with a major human problem. Their services have been much in demand and, as always, a man telling of his actual experience carries conviction. The arrangements for the conduct of the campaign initiated by Tubby have been improved by the amalgamation of the separate Toc H—Belra Committee with the main committee of the British Empire Leprosy Relief Association, on which Toc H is now represented by three active members.

Deepening our Strength.

In all these ways and in others that cannot here be noticed Toc H has been steadily becoming more conscious that its task, so far from diminishing, grows constantly larger, and has been learning to make a more just estimate than perhaps sometimes in the past, of the inadequacy of the force it can at present command. With increasing width of outlook has come that realisation of the need for greater depth which is the first step towards attaining it. The connection of responsibility with leadership has been better realised, and the tendency to devolve responsibility has increased. Michael Coleman's work in Western Canada has brought into being groups of men ready to take hold and lead, and constitutional machinery, taking its proper role as the servant and not the master of personality, is now being worked out for the due exercise of leadership. In India a further devolution of powers to Regions has taken place with the same end in view.

The gift of the new Mark in Johannesburg, opened by the Governor-General Lord Clarendon last summer, and the implementing of Lord Austin's gift, recorded in the last Report, by the opening of the new Birmingham Mark at Moseley, are enabling teams to be built up under the leadership of Padres Tom Savage and Dick Craig, which should in due time produce additions to the number of available leaders, while the Houses themselves are being worked on lines which should enable them to fill their proper role as centres of intercourse and friendship for Toc H units in the surrounding Districts.

Another result of the increasing grasp of the size of our task is the new found determination to make greater use as Toc H grows older of the increasing number of senior men who have, so to speak, graduated in ordinary unit life, and have absorbed and retained an understanding of the Toc H way. Such men, by reason of their personal and civic responsibilities have often to drop out of unit life, and their places should be taken by younger men, learning to lead in their turn. The value to Toc H of such an "Old Guard," understanding its meaning and viewing its new and, it is to be hoped, dangerous experimenting, with a kindly eye, can be very great, not only within the family but particularly in speaking for it and opening to it opportunities for greater usefulness in the corporate life of towns and counties. In order to do this it is essential that General Members should be kept in regular touch with Toc H doings, and helped to feel that their membership has a reality and a value to the Movement as a whole. In several Areas efforts have been made during the year to plan closer links between General Members as such and between them and Toc H as a whole, and these efforts are being strenuously pursued.

As to whether the deepening of the life of individual members and their consequent increased ability to serve Toc H has been all that it might be in the last year, it would be foolish to answer with an easy affirmative. It is, however, significant that the number of pilgrims to the Old House shows no sign of diminution and could in fact easily be increased if the suitable season of the year were longer. The evidence of very many younger pilgrims leaves no doubt that what they find and recommend others to seek in such pilgrimages is not only a grasp of an honoured page in our history, but a deepened understanding of the spiritual basis of Toc H. Some of the widening that has been noticed has certainly been accompanied by a deeper understanding. How far the effect of the Festival itself has become permanent in this direction it is not as yet easy to gauge. It can at any rate be said with conviction that there is a steady increase in the number of those who through Toc H are being led to think honestly and fairly about the human problems which crowd so thickly on the world at home and abroad.

One of these, which is increasingly forcing itself upon the attention of members of Toc H, as they endeavour to perform the voluntary service to which they are pledged, is the extent to which "social services" as they become more complex and specialised must of necessity become directly or indirectly state-supported institutions. It has been the experience of Toc H, while acting as an auxiliary force of man-power for recognised social services, to discover a hundred-and-one curious ways in which the principle of neighbourliness can be productive of health and friendship, ways which no organised

service could possibly suffice to use. The deep influence of such experience should play an important part in adjusting, in our future civic and social life, the claims of efficiency with those of respect for individual personality.

Tasks Ahead.

We have endeavoured in the foregoing pages to give an honest and fairminded account of some of the chief influences on the life of Toc H in the past year and thus to indicate the "condition" and the "progress" of the Association. It remains to face openly some of the main problems and tasks ahead.

The main task of Toc H is not in doubt. It is everywhere and always to maintain and spread, by friendship, by service, and by corporate and individual thought, so much as we are able to grasp of the spirit of Christ.

It has always been a prime principle of the Toc H method that in all its growth it must have an adequate staff, padre and lay, preferably working two by two, giving their whole time, thought and devotion to its service. The maintenance of such a "permanent civil service" is essential if the springs of Toc H life are to be kept clear, and the growth of local voluntary leadership and responsibility fostered to the best advantage. The staff is small, too small for the ground it has to cover. In the last three years the home staff has had to meet an unprecedented strain to fulfil, as it has gladly done, the demands for trained men made by Toc H overseas. Actually the net contribution of the Toc H Area staff to overseas needs has in three years totalled very nearly one third of its total strength. Such an output has been an immense drain upon its strength. It has involved consequential changes in posting at home which have in their turn caused fresh strains upon the staff remaining and upon the Areas which have had to undergo frequent removals of men they have learnt to know and look to for guidance. So far all this has been done without any reserve of staff to ease the burden of changes, or to provide temporary reliefs for men who need a rest. The limit of what can be done in such conditions has practically been reached. For the future health of Toc H there is no more urgent task than to add a modest but sufficient addition to the strength of the staff so as to enable it to meet future strains without serious risk of breakdown.

Another standing task of Toc H is to meet the constant danger of introversion that will always attend a body of men loosely organised in small and largely self-governing local units. That this danger is realised and is being met in more ways than one will be clear from earlier sections of the Report. But it needs to be borne constantly in mind by every single member. Only so shall we ensure that each unit of Toc H becomes that real mixture of types and occupations which has, from the days of Poperinghe, been integral to its design. Only so shall we avoid the danger that Toc H should become in any given place the vehicle of a band of single-minded but narrow enthusiasts preaching a particular and partial panacea for the world's troubles. Toc H was never meant to be that. Its usefulness to its generation depends on it maintaining firmly its position as a meeting place of men and ideas, making its contribution to the Kingdom of God by the widening of its friendships, by the integrity of its service and by the fairness of its thinking.

A Brief Chronicle of Persons.

Admiral Sir W. W. Fisher, G.C.B., has become a President. Lieut.-General Sir R. S. May, K.C.B., has become a Trustee, and to the Council Vice-Presidency vacated by him on accepting the office of Trustee, the Rev. P. W. Monie, C.S.I., first Hon. Administrator of Toc H, has been appointed.

Padres Baldwin (Victoria, Aust.), Knock (W. Yorks), Kircher (S. Australia), Harmer (Crewe), Watts (W. London) and Bradshaw (Salford) have left the staff to take up other appointments and Padres Craig (Birmingham), Dye (West Yorks), Bursey (East Yorks), Jory (Winnipeg) and Oliver (S. London) have joined. Padre Cyril Pearson has finished his term as All-India Padre and after a tour in Australia, New Zealand and the East will return in the summer to take up the appointment of Hon. Chief Overseas Commissioner. Padre Blake has moved from Derby to Salford. Padre Owen Watkins went out in August to be Hon. Headquarters Padre Southern Africa. Padre R. E. Simons (Manchester) left in March to become Johannesburg Mark and Transvaal Padre in succession to Padre Tom Savage who returns to the staff of All Hallows.

F. E. Ford and H. Leggate have become respectively Administrative and Assistant Administrative Padres, in succession to O. S. Watkins and F. W. Baggallay. Pat Leonard ceased to be Hon. Chief Overseas Commissioner on his appointment as Rector of Hatfield, but it need hardly be said that Pat's love for Toc H is undiminished, and that he serves it to the full extent that his work allows. Gilbert Williams resigned the office of Southern London Area Padre, owing to the illness of Mrs. Williams, but on his return hopes to serve Toc H in an honorary capacity.

L. R. Hawkins (Assistant Accountant) and J. Wing (who helped temporarily for some months) have left the staff. The Eastern Canada Regional Council have appointed J. M. N. Jackson as Eastern Canada Secretary. R. D. Smith (Western Area), J. J. Mac-loughlin (Assistant Registrar), H. E. Howes (Victoria, Aust.) have joined the staff and J. Burnett (at present in S. Wales) and D. Carson (London) are in training. The generosity of Dr. Wilson's trustees and the gift of an anonymous member of Toc H have made possible the appointment of an Assistant Secretary for Crewe and the Potteries, and to this appointment W. J. Abbott has been posted. John Mallet has taken up the post of Area Pilot, Natal, to which he was appointed after the unfortunate death of F. L. K. Pagden who had been designated for it. H. Dunnett has become Secretary of Toc H Argentina, D. L. Ralph (late of Shanghai) has become Hon. Secretary Oxford and Thames Valley Area. A. C. Edgar has joined H.Q. as Hon. Assistant to the Administrator. Harry Hodkisson, late of Eastern Canada headquarters, has been helping as an honorary member of the staff in the South Western Area during a period of special strain. Bob Cave, on his return from South Australia, put in a strenuous period of work in the Festival office. To him, together with John Mallet (Festival Secretary), Mrs. Twinch (L.W.H. Festival Secretary), to all their helpers, the stewards and the hosts, real gratitude is due from us all. Other movements of staff at home have been recorded in the lists issued periodically in the JOURNAL.

During the year Sir A. Campbell acted for a time as Chief Hon. Overseas Commissioner, and latterly the office has been in charge of F. E. Sargood and, for some

months, J. M. Pearson as Hon. Commissioners, T. E. Keysell who shared the work for a time having been obliged to give up regular duty for reasons of health.

During the absence of Barclay Baron, F. Wyatt Joyce has been acting-Editor of the Journal. The Schools Section has carried on steady work under the charge of G. K. Tattersall, and Talbot House Seafaring Boys' Club, Southampton (Jack Clark, Warden) has continued to flourish and has been fortunate in widening the group of Friends of Talbot House who take active interest in its work. Admiral Sir W. W. Fisher has become President of the Friends.

The State.

There are 428 Branches and 633 Groups at home and 110 Branches and 278 Groups overseas. The comparable figures for last year are 425 Branches and 620 Groups at home and 106 Branches and 284 Groups overseas. The principle of granting Branch status for a limited period only is now in full operation and this has resulted during the year in a number of Branches resigning their status and commencing a process of re-building. This is healthy but it means that until they have reached the point of being recognised again as Groups they are not included in the figures given. In some Areas there has been a definite policy of discouraging the continuance of Groups which do not give promise of becoming strong units, but fresh growth during the year amounts to 81 new Groups at home and 38 overseas.

The Accounts

THE Consolidated Income and Expenditure Account for the year ended October 31, 1936, shows a Deficit of £2,976 19s. 9d. as against a loss of £1,856 5s. 6d. for the preceding year. However, when comparing the two years, it should be remembered that the accounts for 1935 were helped considerably by the proceeds of the B.B.C. Appeal for the Talbot House Seafaring Boys' Club, whilst in 1936 no such appeal was made. If due allowance is made for this special earmarked income, the loss for the two years will be found to be very nearly similar.

The total Income fell by £1,097, chiefly owing to the fact that two large donations received in 1935 were not repeated in 1936. Expenditure, however, has increased by only £14, but we have been helped in this state of affairs by being able to charge a proportion of the salaries of those members of the staff employed upon Festival work in 1936 against the Coming of Age Festival Fund. In view of the similarity in the expenditure during the two years in question there does not appear to be any necessity for comment upon the various details.

Reference to the Income side of the Consolidated Account will disclose the fact that there has been a decrease in donations (both ordinary and Chaplaincy), Builders' Subscriptions and a few other items. In 1935 the first two items contained special gifts sent as a result of the Chairman's letter to the Membership and it is interesting to note that the decreases in 1936 were considerably less than the amount of those gifts. There have been increases in Legacies, Membership Subscriptions, Branch and Group Contributions, Sales of Publications, the Festival and some minor items.

The Accounts of the Talbot House Seafaring Boys' Club on this occasion ended with a loss of £111 16s. 10d. as against a surplus of £777 15s. 3d. in 1935. However, in view of the fact that in the year 1935 this account received no less a sum than £1,054 18s. 4d. as a result of the B.B.C. Special Appeal and that no similar gift was received in 1936, the result is not nearly so bad as it appears to be at first glance. There are good reasons for hoping that in the near future the Boys' Club will receive sufficient support from "Friends" to enable it to dispense with the need for subsidy from Toc H Funds. It is an undoubted fact that the Club fulfils a very great need in Southampton and readers of these notes are asked to apply to the Warden, Talbot House Seafaring Boys' Club, Brunswick Square, Southampton, for a copy of the Club's Annual Report.

The financial surplus of the Hostels (excluding the Seafaring Boys' Club) has again fallen, this time from £872 14s. 4d. to £493 3s. 2d. This has been caused by the continued necessity for heavy expenditure for repairs to our properties and as the reconditioning programme of the Central Houses Committee is still far from being complete it appears to be inevitable that the annual surplus will remain very small for a few more years unless new help is forthcoming to enable this special work to be completed at an early date. There are Mortgages still outstanding upon Mark XI Leicester and Mark XVI Swindon and it is hoped that some who are interested in the work of the Marks and Hostels will be prepared to give financial aid and in the so doing relieve the Central Houses Committee from much worry and enable it to devote more of its time to the human side of its work.

The Liabilities side of the Balance Sheet discloses the receipt of a further sum under the Hostel Properties Fund, this being part of Lord Austin's gift for the new Birmingham Mark, which was formally opened in January, 1937. The Endowment Fund has also been increased, mainly by a re-investment of a part of this Fund. The Overseas Fund received £532 16s. 0d. during the year, whilst £1,536 10s. 4d. has been expended. The balance is £2,332 2s. 10d. and most of this has already been allocated for expenditure in connection with Toc H overseas organisations. The Harry Ellison Memorial Fund now exceeds £4,000 and the first investment was made during the year.

The Assets side of the Balance Sheet shows an increase in Freehold Properties; this relates to the alterations and additions to the new Birmingham Mark. It will be noticed that the market value of our Investments at the close of the year was £112,641, this being £13,587 more than their cost. Unfortunately, at the moment it does not appear to be possible to make a re-investment in such a way that our Capital would be preserved and dividends increased. The Income and Expenditure Account shows

an accumulated deficit of £4,187 15s. 6d. and it will be seen that this is only £684 less than the total of the Capital Account which appears on the Liabilities side of the Balance Sheet and which is, in effect, the accumulated surplus of Toc H up to the date of the granting of the Royal Charter in September, 1922. It is important that a deficit, if any, in 1937 should not exceed £684, as we should then be faced with an excess of Liabilities over Assets.

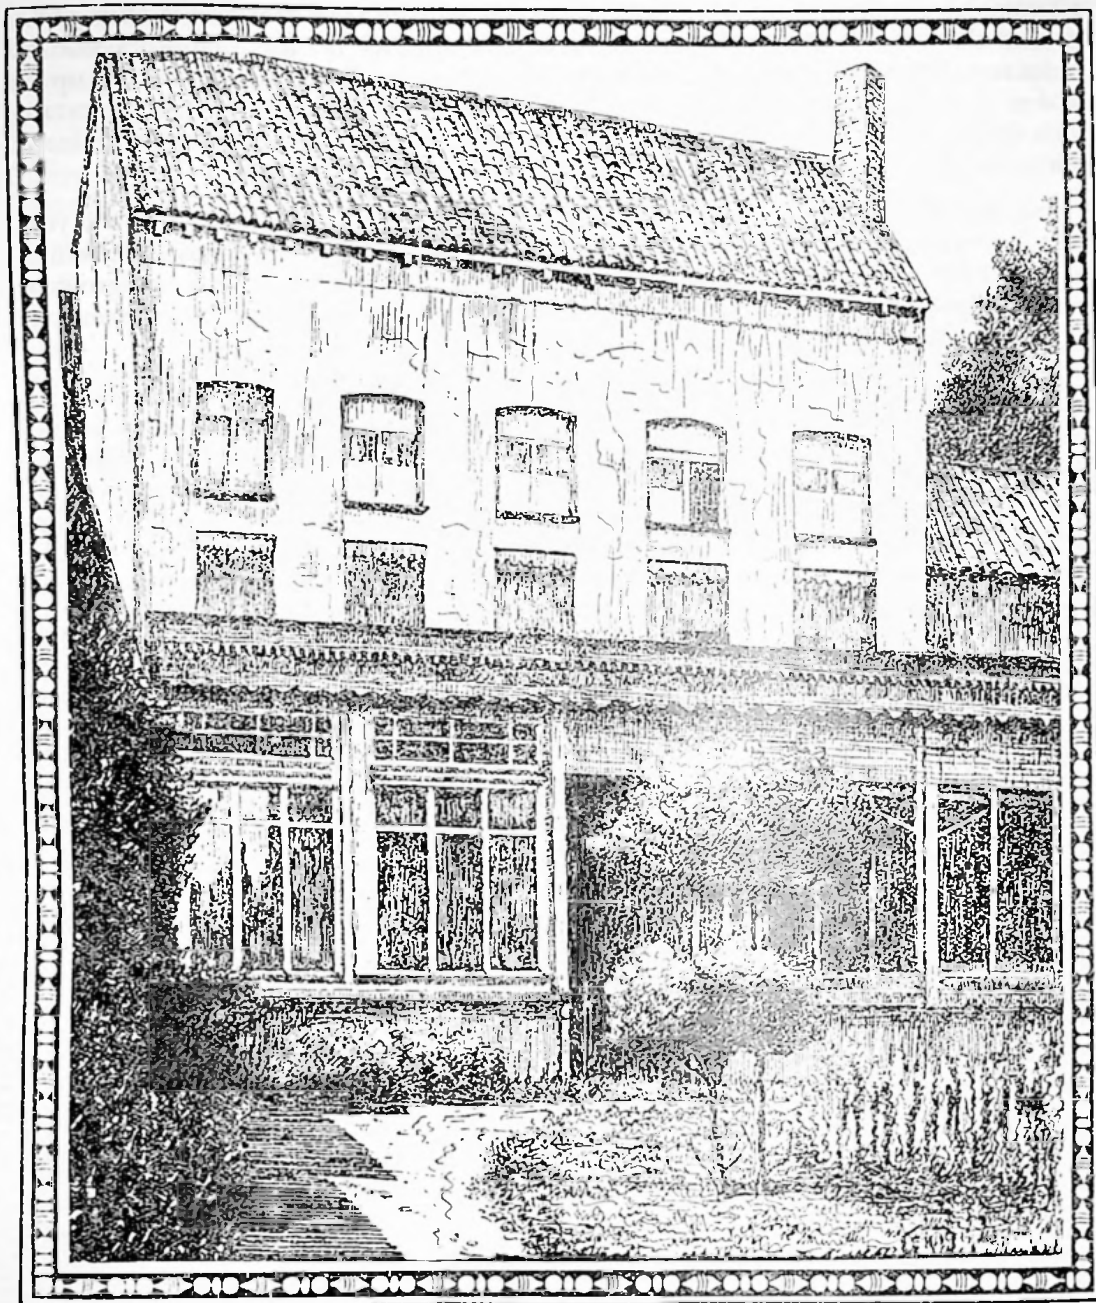

The cash situation has been very acute for a long time and at the close of the year the nett Bank overdraft was £11,843. However, if from now onwards the Annual Accounts of the Corporation cease to show a deficit, this overdraft will not grow to impossible proportions, and therefore it need not be particularly embarrassing in view of our many Assets.

In November, just after the close of the financial year, a Drawing Room Meeting was held at the Hyde Park Hotel. The Duchess of Devonshire kindly acted as hostess and Her Royal Highness the Duchess of York honoured the Meeting with her presence. In addition to a certain number of donations promises were received of several annual subscriptions spread over seven years with an arrangement that a part is to be allocated to the Toc H League of Women Helpers. Further efforts to increase the income of Toc H are being actively considered by the Central Finance Committee.

It is difficult to anticipate the financial situation of Toc H even for one year ahead, but it should be noted with satisfaction that members subscribed £12,894 under various headings during the year and that the increase in Unit Contributions alone amounted to £1,093, which is a definite indication that the Membership is doing its best to support Toc H and we are confident that its total contributions will steadily increase. We hope that this effort will encourage those who for various reasons are not or cannot be Members, but who are nevertheless interested, to give Toc H steady financial and moral support.

Note on the Overseas Office

THE OVERSEAS OFFICE, 42, Trinity Square, London, E.C.3, will be glad to receive from Secretaries of units or other members of Toc H in the United Kingdom the names and addresses (a) Of men (whether members of Toc H or not) about to go overseas for the first time, and (b) Of members of Toc H visiting the United Kingdom from overseas, who are not known to be already in touch with the Overseas Office. When members of Toc H, overseas, intend to visit the United Kingdom they are requested to send to the Overseas Office, through the Secretaries of their units, their names and addresses in the United Kingdom, any offices held in Toc H, probable date of arrival, and duration of stay.

THE HONORARY ASSOCIATION PADRES OF TOC H

The names of "Association Padres" who are working whole-time for Toc H will be found in the foregoing list among the Officers at Headquarters and in the various Areas. Besides these and all the Hon. Padres of Districts, Branches and Groups, certain Clergy and Ministers of various Churches have given and are giving special service to the movement in different ways. This has led to many of them being duly appointed as "Hon. Association Padres."

FOR FRIENDS WHO WANT TO HELP

Beyond their minimum annual subscription, which is kept as low as possible in order to be within the reach of men who have little enough money to spare, the members of Toc H contribute a considerable sum every year to the funds by self-denying efforts. In addition the help of friends outside has continually been forthcoming to put Toc H on firm foundations and to meet the needs of its expansion. There are several ways in which such friends can help.

Toc H Builders

There are many who, finding themselves unable to take an active part in Toc H, yet wish to support the movement to the best of their power. These may well become Toc H Builders, contributing £1 or more a year, which may be allotted to local or headquarters needs as desired. Builders are kept in touch with progress by receiving monthly the Toc H JOURNAL. A form of enrolment as a Toc H Builder will be supplied on application to any Area office of Toc H or to the Registrar at Headquarters. The form contains a Banker's Order (see specimen on opposite page).

A NOTE ON TAX-FREE SUBSCRIPTIONS.

Builders and other Subscribers to Toc H are reminded that charities are exempt from Income Tax in respect of income applied to charitable purposes, and it is to be hoped that others will follow the example of a few who have "converted" their subscriptions by deed, thereby increasing their support to the cause they desire to help without additional burden to themselves. Anyone covenanting to subscribe to Toc H for a period of seven years can take advantage of this exemption, i.e., he is enabled to deduct Income Tax at the current rate from his subscription and to allow Toc H Incorporated to recover the amount deducted. All the Subscriber is required to do is to fill in and sign a Deed of Covenant (see specimen on opposite page): copies of this Deed will be supplied on application to the Registrar at Headquarters. In completing the Deed the following should be noted:—(a) The date of the first payment must be later than the date of the signing of the Deed; (b) The amount of the subscription to be filled in is the actual amount of money which the subscriber desires to send annually to Toc H Incorporated; (c) The signed Deed should be returned to the Registrar for stamping; (d) The Registrar will remind Subscribers when their subscriptions become due (unless they care to make use of a Banker's Order form) and will send in, in all cases, a Certificate of Deduction of Income Tax to be signed and returned.

In the case of *Sur-Tax* the Subscriber, in his annual return to the authorities, deducts as a "charge on Income" the amount stated in the Deed, *plus* Income Tax at the current rate, e.g., if the amount stated on the Deed is £5, Toc H is able, with Income Tax at the present rate of 4/9 in the £, to recover the sum of £1 11s. 2d. from the authorities: therefore, the amount shown as a "charge on Income" should be £6 11s. 2d. and should be stated in some such form as "Less £6 11s. 2d. charitable annuity under Deed of Covenant between myself and Toc H Incorporated, dated....."

Donors of Houses

The freeholds of thirteen of the Houses ("Marks") and Hostels of Toc H have been presented by Donors. Others have been secured by the efforts of members and their friends. Once opened free of debt, each House should be self-supporting. Many of the Houses contain Memorial Rooms, endowed in memory of men and women who have passed on.

Donors of Endowed Chaplaincies

There are seven endowments of Anglican Chaplaincies in Toc H. There are no Free Church Chaplaincy Endowments at the present time.

Legacies

The prospect of legacies becoming eventually due to Toc H will help greatly to relieve its financial anxieties for the future. A form of wording for a Codicil suitable in all ordinary cases will be found on the opposite page.
